

Plymouth Christian Preschool

New Wellness Policy Effective March 23, 2020

- Children/adults must remain at home for 48-72 hours, if presented with any “flu-like” symptoms.
- We understand young children often display runny noses due to seasonal allergies or asthma, however as stated in our Parent Handbook, all mucus from nose must run clear and display no coloration. (Green or yellowish mucus). If this pertains to your child, you may send non-drowsy allergy medication to school and sign a medication consent form to keep on file. This will only be allowed during the Covid19 pandemic. Your child’s temperature will be taken at school to determine if he or she is well to remain at school.
- If any child or adult has someone in their household who is sick OR who has recently traveled in and out of the county, is to remain at home for 7-14 days. ****14 days quarantine applies to anyone who has traveled or who has been directly affected by the Covid19 virus.***
- New location for drop-off/pick-up is near the gate along Pilgrim Way near the school office. A staff person will accompany your child to and from class.
- Preschool families are ONLY to use the gate along Pilgrim Way to enter and exit the campus. **DO NOT USE THE GATE NEAR THE CHURCH OFFICE/PARKING LOT.** This helps limit high traffic areas on campus.
- School is subject to check temperature of any student, parent visitor, or staff person upon entering campus.
- Smaller group activities including outdoor time (limit to 10 or current recommendations by CDC)
- All school activities originally scheduled on the 2019/20 School year calendar are cancelled or postponed indefinitely.
- All staff members and volunteers must wear gloves at all times when in contact with students and food.
- No groups more than 9 children at one time will be allowed in classrooms.
- No children enrolled at PCS aged under 16 years old are permitted to visit residential aged care facilities. We ask that you remain in contact with loved ones who are in an assisted care facility or nursing home to be in contact remotely.
- **We will have modified hours of operation (in the event if we have a minimum of 12 students enrolled for essential preschool/childcare services during the Covid19 Pandemic.) We will be open 7:00 a.m.-5 p.m. Regularly scheduled hours of operation will resume after May 30th. *This date is subject to change.**
